Education

Marri Laxman Reddy Institute of Technology and Management <i>B.Tech in Electronics and Communications Engineering</i>	GPA : 8.23 2022 – 2026
Sri Chaitanya Junior Kalasala <i>Intermediate</i>	Grade: 94% 2022
Bhashyam High School <i>Secondary Education</i>	GPA: 10.0 2020

Technical Skills

Programming Languages: SQL, PL/SQL, Python
Tools & Technologies: IICS(ETL Tool), PowerBI, Git & Github.

Experience

National Internet Exchange of India (NIXI) <i>Intern</i>	Onsite – Delhi March 2025 – June 2025
– Researched AI frameworks for dementia support, focusing on multilingual, accessible approaches and gained exposure to core Internet technologies. – Prepared and delivered technical presentations to senior teams, improving communication of complex topics.	

Projects

SQL Banking Data Pipeline	<i>Oracle SQL, PL/SQL, PowerBI</i>
– Designed a multi-layer data pipeline (Bronze → Silver → Gold) for banking transaction data using Oracle SQL and PL/SQL with automated CSV ingestion using Oracle External Tables and dynamic PL/SQL procedures. – Developed PL/SQL-based data transformation logic and controlled transactional operations, consolidated dashboards and audit logging using triggers for customer, account, and transaction datasets.	
Exploratory Data Analysis	<i>SQL</i>
– Performed end-to-end exploratory data analysis using SQL, profiling database structures and generating key business metrics such as total sales, customer activity, and product performance. – Built analytical reports by aggregating revenue, cost, and customer distributions across dimensions, and executed Top-N/Bottom-N ranking analysis on customers and products.	
Sorting Algorithm Visualizer	<i>Python, Pygame</i>
– Built a sorting algorithm visualizer showcasing Bubble, Insertion, Selection Sort and more with real-time animations. – Designed modular control features (start, reset) to enhance user interaction and support scalable algorithm additions.	

Certifications

Hackerrank: SQL(Advanced), SQL(Intermediate), SQL(Basic)
Simplilearn: Python

Achievements

Hackerrank: SQL Gold Badge
Leetcode: SQL 50 Challenge, 100-Day Solving
